Philosophy of Rainbow Village Child Care

Every child is an individual who has a unique personality and potential to reach his/her optimum level of physical, emotional, intellectual and social development. Each child is unique in regard to his/her personality, physical growth, mental growth, likes and dislikes. Understanding and supporting each child's individuality is the foundation of our program which strives to ensure every individual child's well-being and happiness.

We offer developmentally appropriate programming to meet the diverse experiences, backgrounds, abilities and needs of all children. Providing a warm, loving and nurturing environment which is carefully designed to meet each child's individual needs is our goal as a learning community. **We believe in play-based learning as the main vehicle through which children come to understand themselves, others and the world.**

Our learning experiences and activities will offer a variety of materials and situations so that every child can find "his/her area of interest" within the child care environment. A child grows many ways including socially, physically, mentally and emotionally. Each developmental stage is interrelated, and thus the child excels when opportunities are provided for each to develop to reach his/her optimum level. Our method of empowering each child's ability to exercise self regulation skills will involve positive child guidance approach which is nurturing child's critical thinking skills.

Program Statement

At Rainbow Village Child Care Centre, we strive to provide a program that will meet every child's needs regardless of class, colour, and religion. We thus provide opportunities through play for children to grow physically, emotionally, socially and intellectually.

In addition, our goal is to provide opportunities to learn about the children in our case and their families, as we believe that children are best understood within the context of their families. Our curriculum at Rainbow Village is a play-based approach that incorporates the Ministry of Education's Policy guidelines as mandated by its document. *How Does Learning Happen? Ontario Pedagogy for Early Years*. We integrated the four foundations of learning: Well Being, Expression, Belonging and Engagement so as to nurture healthy development that fosters a sense of self, a desire to play and learn through inquiry and exploration, and to develop authentic relationships and connections among other children, and adults and thus make sense of the world around them and how and where they fit in.

To reflect *the four foundations of learning*, staff must create weekly plans, that reflect well being, engagement, belonging and expression. The plans must then be implemented in the weekly learning experiences so as to focus on children's social, emotional, physical, creative and cognitive development in a holistic way by noting each skill set on the continuum of development document (ELECT). The weekly plan will serve as a guide for educators but ultimately children take their learning in their desired area/s of interest.

All volunteers and students on placement will be asked to read *the An Introduction to How Does Learning Happen Ontario's Pedagogy for Early Years specifically the Four foundation of Learning, Goals for Children and*

Expectations for Program. This is an effort to assist children in understanding how to plan responsive inclusive experiences and how to interact with children.

At Rainbow Village there exists an understanding that every child is an "individual" and is from different cultural backgrounds. We also view children as competent and capable of complex thinking, curious and rich in potential. We accept this and thus all experiences and how and what they have learned. At Rainbow Village, the educators demonstrate their commitment to play by recognizing that there is a need for children to possess the following.

- Health - This is achieved by providing them with the proper nutrition as is mandated by the Canada's Food Guide.
- Developing and promoting communication skills through positive interactions such as talking, listening and allowing children to express their creativity and take their learning in the desired direction based on their interest.
- Allowing them to express their feelings in a respectful manner and interacting with other children and adults from a wide variety of backgrounds. This learning will unfold through but is not limited to reading books, discussions, trips, different play materials, resource persons such as children's families or individuals from the community and pictures.
- Recognizing and accepting that every child learns differently and is at a different stage developmentally and so meeting them where they are at and building on their pre-existing skills.
- Engaging in outdoor play, once the weather permits for two (2) hours each day; one hour in the morning and an hour in the afternoon.

In order to promote health, safety, nutrition and well being of children Rainbow Village will do the following.

- No child will be left unsupervised.
- No child will be spoken to a manner that is degrading and belittling.
- Children will be served nutritious meals that reflect the expectations of Canada's Food Guide and as such will be encouraged to try any and everything on the daily menu will not be forced to do so.

- Staff will be a role model by demonstrating appropriate eating habits by eating/trying what is served for meals.
- Children that are competent and capable will also self-serve and help others when the opportunity presents itself.

In Addition, in order to create a positive learning environment in Rainbow Village, each child's learning and development will be supported. The following approaches will be used:

- Building positive and responsive relationships with children, their families and maintaining the same among staff. Providing opportunities for free play so children can learn through exploration, play, and inquiry
- Reflective practice by encouraging self-reflection, discussion, ongoing collaboration and learning among educators.
- Writing anecdotal notes which will be the basis upon which learning experiences/materials/opportunities are provided and presented to children.
- Educators allowing children to take the lead as to what they want to learn through questioning and observation. The child-initiated experiences will be the basis upon which independent inquiry and learning unfold and in so doing.
- Educators play the roles of facilitators and co-learners. The experiences as it should be are about the children's learning and thus become adult supported experiences.
- Implementing the four foundations of learning which are well-being expression, engagement and belonging on a daily basis through our program planning and learning experiences for children.
- Structuring the environment so all materials are accessible and in good condition.
- Engage with families and value their strengths, contributions, and unique perspective and different cultural backgrounds.

At Rainbow Village, We understand that children need a balance between structure and variety; the program planning supports and implements indoor and outdoor play, as well as active play, rest, quiet time and also give consideration to the individual needs of children. This is evident through:

- Indoor play that occurs as soon as our centre opens at 7 a.m. and closes at 6.p.m. Once children are not eating, sleeping or outdoors, children are free to engage in cooperative, spontaneous, solitary, parallel or any kind of play desire to engage in provided that they and others are safe.
- Outdoor play for two (2) hours each day once the weather permits. An hour in the morning and another in the afternoon. Once outdoor, children are encouraged to engage in more active play and explore their natural environment,
- Children need their rest and so nap time is for two (2) hours on a daily basis from 12 p.m. to 2 p.m.
- There are areas in the environment that encourage and facilitate downtime or quiet time such as the book area and the drama area.
- All other areas are open and accessible so as to cater to the needs of all other children who have varying interest but capable and competent of choosing what, who and where they wish to explore

Rainbow Village is involved with local community partners such as Westwood Mall, Malton Neighbourhood Services, The Fire Station and High schools on an ongoing and necessary basis. Families are made aware of the resources that The Malton Neighbourhood Services provides through the distribution of pamphlets/booklets/brochures and newsletters or through verbal communication that give relevant information based on the needs of the families in the centre. Children will go on field trips to explore the Mall, and the centre will partner with children from high schools who wish to volunteer and gain valuable experiences to prepare them for the world of work. Children will also take nature walks in and around the community in general a minimum of twice per year. The Fire Truck from the local fire station is annually invited to visit the centre to interact and engage with the children. This is an effort to make children aware of the role they play in their community and to foster a positive, authentic and meaningful relationship with outside partners who will both, directly and indirectly, impact the development of the children in our care.

Fee Payment Policy

To ensure a smooth fee payment process and prevent issues such as incomplete fee payments, repeated payment disputes, and delayed payment history, Rainbow Village Daycare Center has established the following guidelines:

1. **Payment Schedule:** All fees must be paid in advance either by biweekly or monthly by the 1st day of the payment period. Late payments will incur a late fee of \$5 per day from the next day to the due date.
1. **Accepted Payment Methods:** Payments can be made via direct bank transfer, or credit card based on their choice of Hi Mama payment method set up. Cash payments are not accepted to avoid discrepancies and ensure proper documentation.

3. **Payment Disputes:** In the event of a payment dispute, parents must provide written documentation of the issue within 5 business days. The center will review the dispute and provide a resolution within 10 business days. During this period, parents are still required to make the full payment to avoid late fees.
4. **Delayed Payments:** If a payment is delayed beyond the 3rd day of the payment period, the child's enrollment may be suspended until the payment is made in full. Continuous delayed payments may result in termination of services.
5. **Banking Disputes:** Any banking disputes, such as returned checks or failed transactions, will incur an additional bank fee of \$25. Parents must resolve the issue and make the payment within 5 business days to avoid further penalties.
6. **Communication:** The center will communicate any payment issues to parents promptly. Parents are encouraged to discuss any financial difficulties with the Supervisor to explore possible solutions.

Service Termination Policy

Our staff will make every effort to meet the individual needs of each child enrolled in the program. There may be situations, however, where we may not be able to meet these needs. The parent(s) will be kept informed of all efforts and areas of concern through formal and informal discussions with teachers and the Supervisor. All meetings with parents will be well documented.

After all these capacity-building steps have been taken, Rainbow Village Daycare Center may recommend withdrawal of care in witnessing the situations listed below:

- Lack of payment of fees
- Repeated incomplete fee payment records and payment disputes due to an unsuccessful payment arrangement
- Conduct that is injurious to the physical, emotional, or intellectual well-being of others
- Lack of compliance with the center policies
- Behavior that creates a potential safety hazard to children and staff
- Verbal abuse, harassment, or threatening of children/staff
- The inability of our program and staff to meet the child's individual needs
- Individual needs of a specific child that interfere with those of other children or put others at risk

In the event the center withdraws a child due to the above circumstances, the parent(s) of the child will receive a Termination of Service letter. The contents of the letter include:

- The child's last date at the center
- The grounds for termination
- A notice period of 1 month for the parents to find alternative care arrangement
- The deposit refund eligibility when a minimum 3 week's withdrawal notice provided

Once the termination letter is issued, the children's services consultant will be notified if applicable.

The Waiting List Policy

Rainbow Village Daycare Centre will follow due process in regard to the waiting list policy in compliance with the Ontario Regulation. We will keep all parents on a waiting list once they submit a waiting list form via center's website. The data base of the waiting list will have the child's name, date of birth, parent's or guardian's phone number and a preferred starting date.

When space becomes available at the center, a spot availability notice email will be sent out to the parents on the waitlist. Parents will be offered a spot based on the sequence in which the parents or guardian made a submission on the waitlist. The parent will be given with a limited time to respond to the offer, and we'll move to the next parents when the offer was denied, or no response is received within the timeline.

Rainbow Village respects each individual's right to privacy and confidentiality. As a result, a child status on the wait list will only be shared when requested by the parent/guardian.

Posting of Serious Occurrences

The safety and well-being of our children in licensed childcare programs is the highest priority. In spite of all the best precautions, serious occurrences can sometimes take place.

Licensed childcare centres are required to post information about serious occurrences that happen at a centre. A "Serious Occurrence Notification Form" will be posted at the centre in a visible area for 10 days. This posting will give parents information about the incident and outline follow up actions taken and the outcomes while respecting the privacy of the individuals involved.

Many factors may lead to a serious occurrence report. A serious occurrence does not necessarily mean that an operator is out of compliance with licensing requirements or that children are at risk in the child care program.

The policy supports the government's effort to increase access to information about licensed child care programs in Ontario. This includes the recent launch of child care licensing inspection findings on The Licensed Child Care Website which is available at:

<http://www.ontario.ca/ONT/portal61/licensedchildcare>

Field Trips and Off-Site Activities

From time to time the Rainbow Village Child Care Centre will go on different excursions throughout the neighbourhood. Parents will sign a consent form which covers all local neighbourhood excursions.

We also go on field trips which may include public transit or school bus transportation. An individual consent form will need to be signed by the parent or guardian. Parents are also welcome to attend field trips with the Child Care. There is an additional charge for the trips. If you do not wish for your child to attend the field trips/ excursions it will be necessary for you to arrange alternative care for the day. You will be required to still pay for the Child Care fees for that day.

Rainbow Village Child Care Centre will require parents to attend field trips with their child/children if Rainbow Village Child Care Staff is not comfortable taking them due to:

1. Safety
2. Behaviour
3. How long the child has been enrolled etc.

A medical kit and emergency phone numbers are always available on excursions and trips.

THE HEALTH AND SAFETY OF YOUR CHILD

1. Responding to and reporting child illness, health concerns, accidents, and injuries

Your child's health is a matter of major importance to all of us. Upon enrolment, you must file with us a standard health form that lists the immunization record. A daily health inspection is given upon each child's arrival at school.

Your child may be sent home if any symptoms of illness appear during the day. In such cases, your child will be immediately isolated from other children and you will be contacted for early pick up.

Your child must be free of any illness or symptoms that are listed below from 24 to 48 hrs before returning to the center or until a dr's note is provided ensuring that there is no concern for contagiousness:

- Fever, or had a fever the previous day (24hrs)
- A heavy nasal discharge (24hrs)
- Diarrhea(48hrs)
- Vomiting(48hrs)
- A constant cough (24hrs or until a dr's note received if the symptom doesn't improve)
- Symptoms of a possible communicable disease such as rash, pink eye, skin infection/abrasion mark or any other, (until a dr's note received)

The center will communicate with the parents during the isolation period to determine the returning date based on the information received. A health check on the child will be implemented upon arrival at the center on the returning date.

Please notify the center immediately if the child does have a communicable disease or has been in contact with someone who has.

In the case of an accidental injury that we feel is a serious nature, we will make an immediate attempt to contact a parent. If it is necessary, we will call in any outside emergency care that

we feel we will need. The school will maintain a consent form signed by the parents agreeing to this provision. It is to the child's benefit that you keep the school up-to-date on telephone numbers and other pertinent information.

2. Administration of medication

Any operator who agrees to administer drugs and medication must comply with requirements found Care and Early Years Act.

- Only prescription medication will be administered at the centre unless a doctor's note accompanies a non-prescription medication stating time and amount of dosage for a specified treatment period.
- The parent is required to complete and sign a Medication Authorization Form prior to any administration of medication at the centre, stating dosage and time required.
- A parent should hand deliver the medication in its original container. The original container must have the date of purchase, the child's name, dosage starting date, expiry date and any written instructions.
- Medication must be stored as instructed and kept in a locked container.
- All medication, if not removed by the parent, will be disposed of after a fourteen-day period unless otherwise specified by the doctor.

3. Children Belongings

Children should wear clothing that is comfortable and appropriate for indoor and outdoor play. No party shoes, flip-flops, crocs for outdoor play. Running shoes or boots are accepted only. A hat in summer is essential. Please make sure all items are labelled especially boots, mitts and snow pants. That's a must.

Your child always needs to have an extra set of clothing at the Child Care , even the kindergarten children. If your child does not have extra clothes when needed, you will be called to bring some over or pick up your child. Remember to Change your child's clothing seasonally.

Your child will need a small blanket for sleep time, preferably one that can remain here. Bedding will be sent home every Friday and if soiled for you to laundry. Bedding must be returned on Monday.

Diapers and wipes need to be supplied if applicable.

Please label all your child's belongings including clothing, shoes, outdoor gears, bags, water bottles, and etc. The center is NOT responsible for any lost items at the center.

5. Parking

Please do not leave your vehicle parked in front of the entrance doors when you drop your child off and pick them up. Park in designated spaces. This area must be kept clear as a fire route all the time.

5. No personal items left in the cubby area

The cubby area is regarded as an area with children's easy access for the transition times to change their clothes. It is highly possible that anything in the bag or cubby can be taken out by a child and consumed by children. It could pose a great danger to the safety of the children at the center.

The items below SHOULD NOT be located in children's bags or cubbies under any circumstances.

- food (regardless in a container or not)
- drinks (baby bottles, juice boxes, nutritional drinks, water bottles)
- Baby formulas
- leftover food
- treats (candies, gums, chocolates)

staff will go through every child's bag on a daily basis and discard anything found in the bags or cubbies. Only children's diapers, changing clothes, shoes, boots, clothes or winter gear (gloves, hats, scarves, neck warmers or ear muffs) are allowed either in the bags or cubbies)

Safe Arrival and Dismissal Policy & Procedures

Purpose

This policy and the procedures within help support the safe arrival and dismissal of children receiving care.
